Tube Mill Drive System Destined for Nebraska

[Yoder Manufacturing](#) of Cleveland, Ohio, a Member of the Formtek Group, has recently supplied a new drive system for an existing Yoder Tube Mill. The drive system is part of an initiative to run at faster speeds for various products. For more information, please contact sales@formtekgroup.com, or call us at 216.292.4460. You can also visit us on the web at www.formtekgroup.com.

QVW Raft Sets and Tooling Destined for Indiana

[Yoder Manufacturing](#) of Cleveland, Ohio, a Member of the Formtek Group, has recently supplied multiple sets of spare raft/roll stand assemblies and tooling to a large Tier 1 automotive operation. These rafting systems are part of an initiative for faster changeovers and decreased scrap for a given production period. For more information, please contact sales@formtekgroup.com, or call us at 216.292.4460. You can also visit us on the web at www.formtekgroup.com.

New Machining Center

As part of a comprehensive plan to meet or exceed the heightened demands of the roll forming industry, Formtek has taken delivery of a new eight-axis, dual-chuck, machining center for its Cleveland location. This addition, along with the existing CNC equipment will enable Formtek to produce roll tooling more efficiently, by eliminating many of the time consuming steps currently involved in tooling manufacture, while simultaneously increasing the quality and consistency of the tooling produced.

Formtek is a group of long-established companies, each with a well-known name and a history of providing innovative, reliable equipment to the metal forming and metal processing industries. As a single-source provider, Formtek continues to supply its customers with the highest quality equipment, parts and service available in the industries it serves. Visit our website, www.formtekgroup.com, for additional information on products, services and employment opportunities.

Rely on the Strength of Formtek

This recession has hit everyone in the metal forming industry; including our customers, competitors and vendors as well as us. Additionally, there have been several casualties of idling, restructure and liquidations. Among these casualties are companies with names similar to ours, such as FormTech, which have no relation to the Formtek Group.

With the financial backing of our parent company, [Mestek, Inc.](#), the [Formtek Group](#) has maintained a strong balance sheet to weather the storm of this recession. You can be sure to count on us now and in the future for your metal forming needs, whether it is new equipment, parts or service, we are here for you.
